BILATERALNE SURADNJE I STIPENDIJE MZO

SVRHA PROGRAMA: Bilateralna obrazovna i znanstvenoistraživačka suradnja Ministarstva znanosti, obrazovanja i mladih temelji se na bilateralnim ugovorima u području visokoškolske i znanstvene suradnje. Visokoškolska i znanstvena suradnja obuhvaća razmjenu stipendija i provedbu međunarodnih znanstvenoistraživačkih projekata: <https://mzom.gov.hr/istaknute-teme/medjunarodna-suradnja-i-eu/bilateralna-suradnja/199> Postojeći bilateralni ugovori postoje sa sljedećim zemljama: Austrija, Belgija, Bosna i Hercegovina, Bugarska, Crna Gora, Češka, Francuska, Grčka, Indija, Italija, Izrael, Japan, Kanada, Kina, Mađarska, Sjeverna Makedonija, Njemačka, Poljska, Portugal, Rumunjska, Rusija, Sjedinjene Američke Države (SAD), Slovačka, Slovenija, Srbija, Španjolska, Švicarska, Turska, Ukrajina, Velika Britanija, Republika Koreja. Najzanimljivije suradnje i stipendije:

AUSTRIJA	Natječaj za prijavu zajedničkih projekata u sklopu znanstveno-tehničke suradnje između Hrvatske i Austrije
KRATKI OPIS:	Želi se omogućiti znanstvenicima suradnja u međunarodnom okruženju i razvoj znanstvenih karijera, osobito mladih znanstvenika i znanstvenica. Prijedlozi projekata koji uključuju poslijediplomske/doktorske studente, mlade znanstvenike i znanstvenice, posebno će se vrednovati. U sklopu ovoga programa moguća je potpora samo novim međunarodnim partnerstvima. Preduvjet za prijavu je zajednički definiran znanstvenoistraživački projekt na kojemu namjeravaju surađivati znanstvenici obiju zemalja. Temeljno financiranje projekta suradnje mora biti osigurano na obje strane.
ROK PRIJAVE:	Svake 2 godine – sljedeći ciklus: 2028/2029
KLJUČNE RIJEČI:	Bilateralna znanstvena suradnja, mladi, nova partnerstva, od razine docenta

DANUBE region cooperation	INTERREG DANUBE
KRATKI OPIS:	The programme supports transnational cooperation across 14 countries in the Danube region, focusing on reducing socio-economic disparities and fostering innovation, climate resilience, and efficient public administration. Key priorities include boosting innovation and technology transfer, enhancing skills for industrial transition, promoting renewable energy, preserving biodiversity, and addressing climate-related risks. Additionally, the program emphasizes promoting social inclusion through effective labor markets, education and training, and social innovation. The programme also supports collaboration between EU member states and candidate countries to achieve common goals. The Interreg Danube Region Programme (DRP) is a transnational funding programme, co-funded by the European Union. We help advance competitiveness and sustainable development of the programme's area through innovation, green transition, social inclusion, and better regional governance.

ROK PRIJAVE:	15.12.2025. (3rd Call for Proposals Pre-Announcement) Kontinuirano, svake godine, ovisno o radnim programima

KINA	Bilateralna suradnja RH i NR Kine, stipendije, znanstvena suradnja, zajednički istraživački i razvojni projekti (Joint R&D projects)
KRATKI OPIS:	STIPENDIJE Vlada Narodne Republike Kine svake godine dodjeljuje državljanima Republike Hrvatske 8 stipendija za preddiplomski, diplomski i poslijediplomski studij ili stručno usavršavanje. Budući da se većina studijskih programa provodi na kineskom jeziku, stipendistima koji ne vladaju kineskim jezikom osigurava se učenje kineskog jezika u NR Kini u trajanju od jedne akademske godine prije početka provedbe studijskog programa. Natječajni postupak provodi Agencija za mobilnost i programe Europske unije u suradnji s Ministarstvom znanosti, obrazovanja i mladih. ZNANSTVENA SURADNJA: Projekti mobilnosti (Mobility projects) Od 1998. godine do danas održano je 11 zasjedanja hrvatsko-kineskog Povjerenstva za znanstvenu i tehnološku suradnju te je do sada ukupno odobreno 200 zajedničkih znanstveno-istraživačkih projekata. Riječ je o dvogodišnjim znanstveno-istraživačkim projektima kojima se financira isključivo mobilnost, odnosno troškovi putovanja hrvatskih znanstvenika u Kinu i troškovi boravka kineskih znanstvenika u Hrvatskoj prema propozicijama utvrđenim provedbenim programom. Na posljednji Natječaj za sufinanciranje hrvatsko-kineskih znanstveno-istraživačkih projekata za razdoblje 2024. - 2026., koji je bio otvoren svim znanstvenim institutima i visokim učilištima Republike Hrvatske i NR Kine te obuhvaćao sljedeća zajednički dogovorena prioritetna područja: javno zdravstvo, zelena energija, informacijske tehnologije, zaštita okoliša i veterinarska medicina, u Hrvatskoj su zaprimljena 54, a u Kini 42 projektna prijedloga. Zajedničko hrvatsko-kinesko Povjerenstvo za znanstvenu i tehnološku suradnju, nakon provedenoga postupka evaluacije 39 projektnih prijedloga koji su u skladu s kriterijima natječaja bili prijavljeni u obje države i ispunjavali sve formalne uvjete, održalo je dopisnim putem zasjedanje te je odabralo za sufinanciranje 35 novih projekata u trajanju od dvije godine. Sljedeći natječaj za prijavu hrvatsko-kineskih znanstveno-istraživačkih projekata bit će objavljen u drugoj polovici 2026. godine. Zajednički istraživački i razvojni projekti (Joint R&D projects) Sukladno odlukama 8. zasjedanja zajedničkoga hrvatsko-kineskog Povjerenstva, od svibnja 2019. godine raspisuju se zajednički natječaji u sklopu zajedničkoga hrvatsko-kineskog financiranja istraživačkih projekata s ciljem sufinanciranja do tri zajednička istraživačka i razvojna projekta velikih razmjera s velikim utjecajem na znanstveni i tehnološki napredak i gospodarski razvoj u obje zemlje. Predviđena financijska potpora za svaki projekt je oko 200.000 eura.
ROK PRIJAVE:	Vlada NR Kine svake godine dodjeljuje državljanima RH 8 stipendija za preddiplomski, diplomski i poslijediplomski studij ili stručno usavršavanje.

	Dvogodišnji znanstveno-istraživački projekt (očekivano: 2026-2028)

SLOVENIJA	Bilateralna suradnja RH i Republike Slovenije, stipendije, znanstvena suradnja
KRATKI OPIS:	STIPENDIJE - Stipendije za mlade znanstvenike i studente doktorskih studija Hrvatski znanstvenici i studenti doktorskih studija mogu se prijaviti na natječaje slovenske agencije Ad futura kao i na natječaje za mlade znanstvenike u Republici Sloveniji koje provode Javna agencija za istraživačku djelatnost Republike Slovenije i Javna agencija za tehnološki razvoj Republike Slovenije. ZNANSTVENA SURADNJA - Bilateralni znanstveno-istraživački projekti Na temelju Sporazuma dviju vlada o znanstvenoj i tehnološkoj suradnji, od 1997. do 2025. godine održano je 19 zasjedanja Zajedničkog povjerenstva za znanstvenu i tehnološku suradnju te su do sada ukupno odobrena 789 zajedničkih znanstveno-istraživačkih projekata i 7 tematskih konferencija. Na devetnaestom zasjedanju Zajedničkog povjerenstva, održanom 10. prosinca 2024. godine u Zagrebu, ova intenzivna suradnja nastavljena je prihvaćanjem 46 novih znanstveno-istraživačkih projekata za razdoblje 2025. - 2026. Sljedeći natječaj za sufinanciranje zajedničkih znanstveno-istraživačkih projekata između dviju država objavit će se u prvom tromjesečju 2026. godine, a predviđeno je da će prihvaćeni projekti započeti s izvedbom početkom 2027. godine.
ROK PRIJAVE:	u prvom tromjesečju 2026.

IP/UIP

SVRHA PROGRAMA: Programom „Istraživački projekti” (IP), financiraju se temeljna istraživanja kojima se stvara novo i unapređuje postojeće znanje o određenome području i koja su usmjerena na bolje razumijevanje predmeta istraživanja, kao i primijenjena istraživanja koja se provode s jasnim tehnološkim, gospodarskim ili društvenim ciljevima. Programom „Uspostavni istraživački projekti” podupire se osnivanje novih istraživačkih grupa mladih znanstvenika kako bi se ubrzala uspostava samostalnih istraživačkih karijera nakon stjecanja doktorata znanosti. Programom se omogućava da mladi znanstvenici tijekom petogodišnjeg financiranja uspostave istraživačku grupu i svoj laboratorij. Pritom projektni prijedlog mora uključiti razvoj novih istraživačkih tema i/ili metodologije.

DOK, POSTDOK

SVRHA PROGRAMA: Projekt razvoja karijera mladih istraživača – Izobrazba novih doktora znanosti: Ovaj program omogućuje znanstveno aktivnim mentorima koji se bave međunarodno i/ili nacionalno značajnom problematikom da u svoje znanstvene projekte uključe mlade istraživače-doktorande koji žele sudjelovati u znanstveno-istraživačkom radu te usmjeriti svoju karijeru prema vrhunskoj znanosti. Programom se također potiče jačanje mentorskih kapaciteta u hrvatskim znanstvenim ustanovama,

prijenos, prihvaćanje i primjena novih znanja te se poboljšava kvaliteta poslijediplomske izobrazbe i znanstvenog razvoja mladih istraživača.

Program usavršavanja mladih istraživača – poslijedoktoranada je još u izradi i čekamo prezentaciju programa i otvaranje Poziva.

WEAVE (bilateralni ili trilateralni znanstveno istraživački projekti)

SVRHA PROGRAMA: Istraživači koji ispunjavaju uvjete HRZZ-a na istraživačkim natjecajima mogu zajedno sa svojim inozemnim partnerom (koji ispunjava uvjete na natječaju drugih nacionalnih organizacija koja financiraju istraživanja) podnijeti bilateralni, odnosno trilateralni istraživački projekt na natječaju kod one nacionalne organizacije koja financira istraživanja kod koje je strani partner prihvatljiv. Za sada su moguće prijave sa istraživačkim skupinama iz Slovenije, Švicarske i Češke. Najavljena je buduća mogućnost suradnje sa Njemačkom.

1) „Istraživački projekti – Njemačko-hrvatski bilateralni projekti“ (IPDE-2026-12)

Hrvatska zaklada za znanost uspostavila je, u okviru inicijative Weave, suradnju s Njemačkom zakladom za znanost (Deutsche Forschungsgemeinschaft – DFG). Hrvatski prijavitelji zajedno s njemačkim istraživačima moći će, u razdoblju od 1. siječnja do 31. prosinca 2026., prijaviti zajednički projekt na DFG-ov natječaj prema proceduri vodeće agencije. Vodeća agencija provodi vrednovanje prema svojim uobičajenim internim postupcima, dok partnerska agencija, odnosno HRZZ, provodi administrativnu provjeru prihvatljivosti hrvatskih prijavitelja. Natječajem „Istraživački projekti – Njemačko-hrvatski bilateralni projekti“ (IPDE-2026-12) financirat će se projekti vrijednosti do 200.000 eura u trajanju do tri godine.

- 2) Slovensko-hrvatske bilateralne projekte (IPS) siječanj 2026.
- 3) Bilateralni natječaj s Češkom Republikom (IPCZ) ožujak 2026
- 4) Bilateralni natječaji sa Švicarskom (IPCH) veljača i srpanj 2026

POZIV	IPCH - Istraživački projekti – Švicarsko-hrvatski bilateralni projekti IPCZ - Istraživački projekti – Češko-hrvatski bilateralni projekti IPS - Istraživački projekti – Slovensko-hrvatski bilateralni projekti
KRATKI OPIS:	Cilj ove inicijative jest pojednostavniti postupke prijave i odabira zajedničkih projektnih prijedloga u kojima sudjeluju istraživači iz najviše tri europske zemlje ili regije na način da se provodi jedno vrednovanje. Weave nije novi, zasebni program financiranja, već se ovaj cilj ostvaruje korištenjem postojećih nacionalnih ili regionalnih programa financiranja u okviru kojih se financiraju zajednički istraživački projekti. Znanstvenicima se nastoji olakšati prekogranična suradnja te se ujedno teži jačanju njihove autonomnosti pri određivanju sastava, teme i sadržaja njihovih projekata. Weave se temelji na proceduri vodeće agencije (<i>Lead Agency</i>). Dvije ili više organizacija iz različitih zemalja omogućuju istraživačima da podnesu prijedlog zajedničkog istraživačkog projekta jednoj od organizacija (vodećoj agenciji). Organizacija kojoj se podnosi projektni provodi postupak vrednovanja prema svojim internim procedurama. Preporuka o financiranju potom se dostavlja ostalim organizacijama (partnerskim agencijama) na odobrenje, bez daljnjeg postupka vrednovanja, temeljem sporazuma o uzajamnom priznavanju postupaka vrednovanja. IPCZ - Temeljem Multilateralnog sporazuma o suradnji između Češke zaklade za znanost (GAČR) i Hrvatske zaklade za znanost (HRZZ), Hrvatska zaklada za znanost u okviru inicijative Weave raspisuje natječaj za financiranje hrvatskog dijela češko-hrvatskih istraživačkih projekata. U češko-hrvatskom zajedničkom istraživačkom projektu sudjeluje češka i hrvatska istraživačka grupa na čelu s glavnim istraživačem s češke organizacije. IPS - Temeljem Multilateralnog sporazuma o suradnji između Javne agencije za znanstvenoraziskovalno in inovacijsko dejavnost Republike Slovenije (ARIS) i Hrvatske zaklade za znanost (HRZZ), Hrvatska zaklada za znanost u okviru inicijative Weave raspisuje natječaj za financiranje hrvatskog dijela slovensko-hrvatskih istraživačkih projekata. U slovensko-hrvatskom zajedničkom istraživačkom projektu sudjeluje slovenska i hrvatska istraživačka grupa na čelu s glavnim istraživačem sa slovenske organizacije. IPCH - Temeljem Multilateralnog sporazuma o suradnji između Švicarske nacionalne zaklade za znanost (SNSF) i Hrvatske zaklade za znanost (HRZZ), Hrvatska zaklada za znanost u okviru inicijative Weave raspisuje natječaj za sufinanciranje hrvatskog dijela švicarsko-hrvatskih istraživačkih projekata. Hrvatski znanstvenici u suradnji sa švicarskim znanstvenicima mogu prijavljivati zajedničke projekte na otvoreni natječaj SNSF-a. Natječaj se provodi po proceduri vodeće agencije (vodeća agencija je zadužena za provedbu vrednovanja, sukladno svojim uobičajenim internim procedurama).

ERC potpore

SVRHA PROGRAMA: Europsko istraživačko vijeće (*European Research Council*, dalje u tekstu: ERC) dalo je podršku Hrvatskoj zakladi za znanost (dalje u tekstu: HRZZ) za pokretanje programa koji će hrvatskim znanstvenicima, potencijalnim prijaviteljima na natječaj ERC programa, financirati studentske posjete voditeljima ERC projekata. U skladu s time, HRZZ je pokrenuo program „Potpora istraživačima za prijavu na programe Europskog istraživačkog vijeća” s ciljem poticanja hrvatskih istraživača za prijavu na ERC programe: *Starting Grant (StG)*, *Consolidator Grant (CoG)*, *Advanced Grant (AdG)* i *Synergy Grant (SyG)*.

POZIV	ERC 2023/2025
KRATKI OPIS:	Financira se odlazak kod gostujućih znanstvenika (znanstvenika s međunarodno priznatim postignućima u znanosti i/ili tehnologiji i ERC projektom) radi pripreme projektne prijave na ERC natječaj u trajanju od 1 do 4 mjeseci. Pojedinačan iznos financiranja mobilnosti: 2.000 EUR neto mjesečno i trošak prijevoza do mjesta institucije domaćina (povratna karta). Uvjet je prijava na ERC Pozive nakon povratka sa mobilnosti na sljedeći otvoreni ERC natječaj.

DIGIT – Digitalne, inovativne, i zelene tehnologije

SVRHA PROGRAMA: Vlada Republike Hrvatske i Međunarodna banka za obnovu i razvoj (IBRD), dio Svjetske banke, potpisali su 28. lipnja 2023. godine Ugovor o zajmu (Zajam br. 9558-HR) u iznosu od 106 milijuna eura za projekt **“Digitalne, inovativne i zelene tehnologije (DIGIT projekt)”**. Ovim projektom pruža se potpora cjelovitoj strukturnoj reformi istraživačkog i inovacijskog sektora kroz financiranje intervencija koje će imati transformativne učinke na izvrsnost istraživanja, povećanje produktivnosti i postizanje zelenog, digitalnog i globalno konkurentnoga gospodarstva. DIGIT projekt se sastoji od 2 komponente i 4 potkomponente kroz koje će se pružiti financijska podrška odabranim projektima putem dodjele darovnica.

Komponenta 1: Omogućavanje institucionalnih uvjeta za istraživanja i inovacije u području digitalnih i zelenih tehnologija

- Potkomponenta 1.1: Jačanje institucionalne infrastrukture za politiku istraživanja i inovacija
- Potkomponenta 1.2: Povećanje učinkovitosti financiranja istraživanja i inovacija

Komponenta 2. Programi za istraživanje i inovacije u području digitalnih i zelenih tehnologija

- Potkomponenta 2.1: Potpore za pretkomercijalno istraživanje i razvoj u području digitalnih i zelenih tehnologija
- Potkomponenta 2.2: Program sinergija

EU PROGRAMI ZAJEDNICE

HORIZON

Horizon Europe is the EU's key funding programme for research and innovation. Following the Multiannual Financial Framework Midterm Review (MTR) decision, the indicative funding amount for Horizon Europe for the period 2021-2027 is EUR 93.5 billion. It tackles climate change, helps to achieve the UN's Sustainable Development Goals and boosts the EU's competitiveness and growth. The programme facilitates collaboration and strengthens the impact of research and innovation in developing, supporting and implementing EU policies while tackling global challenges. It supports creating and better dispersing of excellent knowledge and technologies.

Sve prilike za Social Science and Humanities (SSH) u sklopu Horizon Europe se nalaze na stranicama Net4Society. (The transnational network for Cluster 2 "Culture, Creativity and Inclusive Society" (CL2) National Contact Points (NCPs) in Horizon Europe):

Kratki pregled svih CLUSTERa u sklopu HORIZON programa:

POZIV	CLUSTER 1 - HEALTH
KRATKI OPIS:	This work programme part is the first for the Health Cluster under Horizon Europe's new strategic plan for 2025-2027. It reflects a detailed review of the first four years of Horizon Europe (2021-2024), identifying funding gaps, emerging research needs and future challenges. It aligns with the European Commission's Political Guidelines for 2024-2029, focusing on strengthening healthcare resilience, leveraging biotechnology and artificial intelligence, and addressing public health needs including supporting the development of critical medicines. Research and innovation are key to achieving these goals, especially in healthcare. As outlined in the Horizon Europe strategic plan, the main priorities of the Health Cluster from 2025 to 2027, are geared towards social cohesion, inclusion, and the overall health and wellbeing of Europeans, in line with the European Pillar of Social Rights. These priorities also emphasise the need to modernise healthcare systems and support an innovative, sustainable, and competitive health industry in Europe.
ROK PRIJAVE:	2026
KLJUČNE RIJEČI:	Health, public health, healthcare resilience, AI

POZIV	CLUSTER 2 - CULTURE, CREATIVITY AND INCLUSIVE SOCIETY
KRATKI OPIS:	Cluster 2, 'Culture, Creativity and Inclusive Society' aims to meet EU goals and priorities on enhancing democratic governance and citizens participation, on the safeguarding and promotion of cultural heritage, and to respond to and shape multifaceted social, economic, technological and cultural transformations. Cluster 2 mobilises multidisciplinary expertise of European social sciences and humanities (SSH) for understanding fundamental contemporary transformations of society, economy, politics and culture. It aims to provide evidence-based policy options for a socially just and inclusive European green and digital transition and recovery.
ROK PRIJAVE:	2026
KLJUČNE RIJEČI:	Democratic Governance, Democracy and governance, Social and economic transformation, Cultural heritage, Cultural and Creative Industries, evidence-based policy options

POZIV	CLUSTER 3 - CIVIL SECURITY FOR SOCIETY
KRATKI OPIS:	Cluster 3 provides a research and innovation response to a context of rapidly changing threats and challenges to internal security, the security of citizens, critical infrastructure and the security of society as a whole. These threats are driven by geopolitical, technological and societal changes, including: • Instability, hybrid threats and the resurgence of war on the European continent, in particular the Russian war against Ukraine, making the need for civilian protection, preparedness, and resilience a matter of urgency. • Continued threat from terrorism and increased threat from organised crime.

	• The potential for large-scale movements of people, whether due to war, the instrumentalisation of migration, or other drivers, requires effective border management capabilities and further efforts to combat migrant smuggling, trafficking in Human Beings (THB), and possible terrorist infiltration. • More frequent and serious climate-related extreme events and other disasters, whether accidental or intentional, of human or natural origin, requiring disaster risk management and response. • Continued technological development and digitalisation create new and unforeseen vulnerabilities and new opportunities for criminals and violent extremists, as well as new challenges, needs and opportunities for security practitioners. • Cyber threats that put infrastructures, businesses and individuals at risk. • Negative socio-economic trends and climate adaptation that create potential for greater social polarisation and mistrust, which may escalate into conflict and/or create opportunities for extremists and malicious actors to spread hate speech and disinformation. In addressing these and their related challenges, this Work Programme will support the implementation of the upcoming EU's Internal Security Strategy and Preparedness Union Strategy, and the sectoral strategies, legislation and action plans identified in the introduction to each of the Destinations • Better protect the EU and its citizens against Crime and Terrorism (FCT) • Effective management of EU external borders (BM) • Resilient infrastructure (INFRA) • Disaster-Resilient Society for Europe (DRS) • Strengthened Security Research and Innovation (SSRI)
ROK PRIJAVE:	2026

POZIV	CLUSTER 4 - DIGITAL, INDUSTRY AND SPACE
KRATKI OPIS:	Cluster 4, 'Digital, Industry and Space' aims to shape competitive and trusted technologies for EU leadership in digital and industrial technologies; to enable production and consumption respecting the boundaries of our planet; and to maximise the benefits for all parts of society in the variety of social, economic and territorial contexts in Europe. It will for example boost Europe leadership and competitiveness on Artificial Intelligence innovation (AI), leading the way on making AI safer and more trustworthy, and on tackling the risks stemming from its misuse. Similarly, it will ease the exploitation of untapped data potential while promoting high standards of data protection
ROK PRIJAVE:	2026

POZIV	CLUSTER 5 - CLIMATE, ENERGY AND MOBILITY
KRATKI OPIS:	Activities of this work programme support the implementation of the Paris Agreement and the United Nations Sustainable Development Goals. By putting research and innovation at the heart of our economy, the EU aims to create more jobs and improve the competitiveness of its industry. On this basis, activities of this work programme will support the European Commission's Net-Zero Industry Act and Clean Industrial Deal, a more circular and resilient economy, as well as enhanced climate adaptation, preparedness and solidarity. This will finally contribute to sustaining our quality of life and strengthening European societies and their social and economic model.
ROK PRIJAVE:	2026
KLJUČNE RIJEČI:	Climate science, climate neutrality, climate transition, energy, energy supply, sustainable, secure and competitive energy and energy use, clean transport, mobility, smart mobility

POZIV	CLUSTER 6 - FOOD, BIOECONOMY, NATURAL RESOURCES, AGRICULTURE AND ENVIRONMENT
KRATKI OPIS:	Horizon Europe Cluster 6 will serve the new Commission priorities for 2024-2029 with a focus on “Sustaining our quality of life: food security, water and nature” and “A new plan for Europe’s sustainable prosperity and competitiveness”. The Cluster will further contribute to the priorities “Supporting people, strengthening our societies and our social model” and “Protecting our democracy, upholding our values”.
ROK PRIJAVE:	2026
KLJUČNE RIJEČI:	Biodiversity, food systems, circular economy, bioeconomy, environment, pollution, resilient communities, innovative government
Izvor/info:	https://research-and-innovation.ec.europa.eu/funding/funding-opportunities/funding-programmes-and-open-calls/horizon-europe/horizon-europe-work-programmes_en

POZIV	WIDERA - Widening participation and strengthening the European Research Area
KRATKI OPIS:	The component “Widening participation and spreading excellence” aims to tackle the R&I gap to move towards a truly integrated and cohesive R&I ecosystem in the European Union, addressing especially the third priority area of the Pact for R&I. Disparities between leading and less advanced countries in terms of R&I performance should be tackled through structural policy reforms at national and regional level aimed at, for example, improving the attractiveness of research careers, internationalisation, effectiveness of management and governance of R&I institutions or matching activities with EU initiatives (e.g., Seals of Excellence). Call topics are in principle bottom-up but applicants are encouraged to take into account key aspects of the political guidelines of the next European Commission published in July 2024⁷, such as the Clean Industrial Deal, the Energy Union, digital tech diffusion, artificial intelligence, the upcoming European Life Science strategy, Union of Skills and/or start ups. The overall policy objectives of this component of the work programme are the following:

	1. Encourage institutional reforms and transformation processes of the R&I system at national and regional level in widening countries in line with ERA principles; 2. Mobilise national investments in R&I capacity in widening countries; 3. Raise the bar for excellence of R&I actors in widening countries in partnership with outstanding European and international institutions ("win-win situation"); 4. Increase number of participations and success rates of widening actors in research and innovation projects in other parts of Horizon Europe (notably in Pillars 2 and 3); 5. Promote the creation of new innovation ecosystems, interconnect and scale up existing ones by a set of measures, which include place-based and international collaboration between academia and business in widening countries; 6. Foster brain circulation, including inter-sectoral mobility for researchers and innovators and turn it into brain gain for widening countries.
ROK PRIJAVE:	2026

MARIE SKŁODOWSKA CURIE ACTIONS – MSCA

EU nastavlja ulagati napore kako bi privukla i zainteresirala mlade za istraživačku karijeru, promovirala svoju privlačnost za vrhunske talente i istraživače iz cijelog svijeta te zadržala vlastite izvrsne istraživače. Upravo su [djelovanja Marie Skłodowska – Curie \(MSCA\)](#), od svog osnivanja 1996. godine, glavni instrument Europske unije za doktorska i postdoktorska usavršavanja mladih i kreativnih istraživača.

POZIV	MSCA STAFF EXCHANGES
KRATKI OPIS:	MSCA Staff Exchanges involve organisations from the academic and non-academic sectors (including SMEs) from across the globe. Support is provided for international, inter-sectoral and interdisciplinary mobility of R&I staff, leading to knowledge transfer between participating organisations.
ROK PRIJAVE:	Svake godine 3. kvartal

POZIV	MSCA AND CITIZENS
KRATKI OPIS:	MSCA and Citizens aims to bring research and researchers closer to the public at large, to increase awareness of research and innovation activities and to boost public recognition of science and research education. It will show the role of the researcher for the society and economy, as well as the impact of researchers' work

	on citizens' daily lives. It also aims to raise the interest of young people in research and scientific careers. MSCA and Citizens will address the general public, attracting people regardless of the level of their scientific background, with a specific focus on families, pupils, students, and notably those who do not have easy access to, and thus are less inclined to engage in, STEAM fields (science, technology, engineering, arts and mathematics) or research activities. Inclusiveness should be key, in view of broadening access to science and research to all. MSCA and Citizens should also promote gender balance and inclusiveness in science, Open Science, and Responsible Research and Innovation.
ROK PRIJAVE:	Svake godine 3. kvartal
KLJUČNE RIJEČI:	MSCA and Citizens, European Researchers' Night, Researchers at Schools, public, awareness of research and innovation activities, public recognition, science and research education

POZIV	MSCA DOCTORAL NETWORKS
KRATKI OPIS:	MSCA Doctoral Networks are encouraged to lead to Industrial or Joint Doctorates. MSCA Doctoral Networks will implement doctoral programmes, by partnerships of universities, research institutions and research infrastructures, businesses including SMEs, and other socio-economic actors from different countries across Europe and beyond. MSCA Doctoral Networks are indeed open to the participation of organisations from third countries, in view of fostering strategic international partnerships for the training and exchange of researchers. These doctoral programmes will respond to well-identified needs in various R&I areas, expose the researchers to the academic and non-academic sectors, and offer training in research-related, as well as transferable skills and competences relevant for innovation and long-term employability (e.g. entrepreneurship, commercialisation of results, Intellectual Property Rights, communication).
ROK PRIJAVE:	Svake godine 3. kvartal
KLJUČNE RIJEČI:	MSCA Doctoral Networks, doctoral programmes, partnerships, universities, research institutions, research infrastructures, businesses, SMEs, socio-economic actors, third countries, strategic international partnerships, training, exchange, researchers

POZIV	MSCA CHOOSE EUROPE FOR SCIENCE
KRATKI OPIS:	The MSCA Choose Europe for Science pilot scheme aims to increase the attractiveness of European research careers by addressing precarity and offering excellent working conditions, turning the current challenge of brain drain in the R&I sector into brain gain. MSCA Choose Europe for Science will support projects in which academic and non-academic organisations recruit postdoctoral researchers with a vision to employment beyond the project period. The main novelty of the initiative is that organisations will also be selected based on their offers of longer-term professional perspectives.
ROK PRIJAVE:	Svake godine 3. kvartal - ROK: 03.12.2025., 17:00 CET

KLJUČNE RIJEČI:	MSCA Choose Europe for Science, attractiveness, European research careers, precarity, excellent working conditions, brain drain, R&I sector, brain gain, postdoctoral researchers. employment, novelty, longer-term professional perspectives

POZIV	MSCA POSTDOCTORAL FELLOWSHIPS
KRATKI OPIS:	MSCA Postdoctoral Fellowships enhance the creative and innovative potential of researchers holding a PhD and who wish to acquire new skills through advanced training, international, interdisciplinary and inter-sectoral mobility. MSCA Postdoctoral Fellowships will be open to excellent researchers of any nationality. The scheme also encourages researchers to work on research and innovation projects in the non-academic sector and is open to researchers wishing to reintegrate in Europe, to those who are displaced by conflict, as well as to researchers with high potential who are seeking to restart their careers in research. Fellowships will be provided to excellent researchers, undertaking international mobility either to or between EU Member States or Horizon Europe Associated Countries, as well as to non-associated Third Countries. Applications will be made jointly by the researcher and a beneficiary in the academic or non-academic sector. Postdoctoral Fellowships can either take place in Europe (i.e. in an EU Member State or a Horizon Europe Associated Country) or in a Third Country not associated with Horizon Europe
ROK PRIJAVE:	Svake godine 2. ili 3. kvartal
KLJUČNE RIJEČI:	MSCA Postdoctoral Fellowships, innovative potential, excellent researchers, PhD, international mobility, interdisciplinary mobility, inter-sectoral mobility, reintegration in Europe, displacement by conflict, high-potential researchers, academic sector, non-academic sector, EU Member state, Horizon Europe Associated Country, Third Country not associated with Horizon Europe

POZIV	MSCA COFUND
KRATKI OPIS:	Co-funding of regional, national and international programmes (COFUND) supports new or existing doctoral programmes and postdoctoral fellowship schemes. The aim of the action is to spread the best practices of the MSCA including international, inter-sectoral and interdisciplinary research training, as well as international and cross-sectoral mobility of researchers at all stages of their career. Proposed programmes can cover any research disciplines ("bottom-up"), but exceptionally, can also focus on specific disciplines. Notably, this focus can apply when the programmes are based on national or regional Research and Innovation Strategies for Smart Specialisation ("RIS3" strategies).

	In this case, the range of covered disciplines should allow reasonable flexibility for the researchers to define their topic. Funding synergies with Cohesion policy funds and the Recovery and Resilience Facility (RRF) are strongly encouraged. COFUND takes the form of Doctoral Programmes or Postdoctoral Programmes.
ROK PRIJAVE:	Svake godine 2. ili 3. kvartal

POZIV	MSCA4UKRAINE FELLOWSHIPS
KRATKI OPIS:	MSCA4Ukraine is part of the wider EU response to Russia's invasion of Ukraine. First launched in September 2022 with an initial budget of €25 million funded by the Marie Skłodowska-Curie Actions, it is the European Commission's dedicated scheme to support displaced researchers from Ukraine, enabling them to continue their work safely in Europe. The initiative also aims at helping safeguard Ukraine's research and innovation system and the freedom of scientific research at large.
ROK PRIJAVE:	Svake godine 2. ili 3. kvartal
KLJUČNE RIJEČI:	MSCA4Ukraine, EU response, Russia's invasion of Ukraine, EC, support, displaced researchers from Ukraine, safeguarding, Ukraine's research and innovation system

ERC

POZIV	ERC STARTING GRANT
KRATKI OPIS:	Are you a talented early-career scientist who has already produced excellent supervised work, is ready to work independently and shows potential to be a research leader? The ERC Starting Grant could be for you. Researchers of any nationality with 2-7 years of experience since completion of PhD, a scientific track record showing great promise and an excellent research proposal can apply. Starting Grants may be awarded up to €1.5 million for a period of 5 years (pro rata for projects of shorter duration). Applications can be made in any field of research. The ERC's grants operate on a 'bottom-up' basis without predetermined priorities. Applications for an ERC grant require a single Principal Investigator (PI) to submit the application on behalf of their host institution. The host institution must offer suitable conditions for the PI to independently lead the research and manage funding. The PI can be hosted by any legal entity in an EU Member State or associated country. The PI does not need to be employed by the host institution at the time of proposal submission, but a mutual agreement and commitment are necessary if the proposal is successful.
ROK PRIJAVE:	Kontinuirano, svake godine
KLJUČNE RIJEČI:	Excellence, high-risk high-gain, bottom-up, junior
Izvor/info:	https://erc.europa.eu/apply-grant/starting-grant

POZIV	ERC CONSOLIDATOR GRANT
KRATKI OPIS:	Are you a scientist who wants to consolidate your independence by establishing a research team and continuing to develop a success career in Europe? The ERC Consolidator Grant could be for you. You can also apply if you have recently created an independent, excellent research team and want to strengthen it. Researchers of any nationality with 7-12 years of experience since completion of PhD, a scientific track record showing great promise and an excellent research proposal can apply. Consolidator Grants may be awarded up to €2 million for a period of 5 years. (pro rata for projects of shorter duration). Applications can be made in any field of research. The ERC's grants operate on a 'bottom-up' basis without predetermined priorities. Applications for an ERC grant require a single Principal Investigator (PI) to submit the application on behalf of their host institution. The host institution must offer suitable conditions for the PI to independently lead the research and manage funding. The PI can be hosted by any legal entity in an EU Member State or associated country. The PI does not need to be employed by the host institution at the time of proposal submission, but a mutual agreement and commitment are necessary if the proposal is successful.

POZIV	ERC ADVANCED GRANT
-------	--------------------

KRATKI OPIS:	Are you an established, leading principal investigator who wants long-term funding to pursue a ground-breaking, ambitious project? The ERC Advanced Grant could be for you. Applicants for the ERC Advanced Grants - called Principal Investigators (PI) - are expected to be active researchers who have a track-record of significant research achievements. The Principal Investigators should be exceptional leaders in terms of originality and significance of their research contributions. No specific eligibility criteria with respect to the academic requirements are foreseen. Advanced Grants may be awarded up to €2,5 million for a period of 5 years. (pro rata for projects of shorter duration). Applications can be made in any field of research. The ERC's grants operate on a 'bottom-up' basis without predetermined priorities. Applications for an ERC grant require a single Principal Investigator (PI) to submit the application on behalf of their host institution. The host institution must offer suitable conditions for the PI to independently lead the research and manage funding. The PI can be hosted by any legal entity in an EU Member State or associated country. POZIV	ERC SYNERGY GRANTS
KRATKI OPIS:	Are you a researcher that wants to address a research problem so ambitious, that can not be dealt with you and your team alone? The Synergy Grants could be for you! A group of two to maximum four Principal Investigators (PIs) working together and bringing different skills and resources to tackle ambitious research problems. One will be designated as the corresponding PI (cPI). ERC Synergy grants support projects carried out by a group of two to four individual researchers who can employ researchers of any nationality as team members. It is also possible to have one or more team members located in a third country. No specific eligibility criteria regarding the academic training are foreseen for ERC Synergy Grants. PIs must present a competitive track record as appropriate to their career stage. Proposals are evaluated on the sole criterion of scientific excellence which takes on the additional meaning of outstanding intrinsic synergetic effect. Applications can be made in any field of research. The ERC's grants operate on a 'bottom-up' basis without predetermined priorities. In the case of the ERC Synergy Grants, applications must demonstrate that the proposed research cannot be carried out by a single PI working alone. PIs can apply within the same HI or through different HIs. Where the different PIs may be hosted by more than one HI, each of these HIs shall offer their support to the PI(s) hosted by them for the duration of the grant. Synergy Grants can be up to a maximum of € 10 million for a period of 6 years (<i>pro rata</i> for projects of shorter duration).

CITIZENS, EQUALITY, RIGHTS AND VALUES PROGRAMME - CERV

SVRHA PROGRAMA: CERV je najveći do sada program namijenjen promicanju i zaštiti vrijednosti Unije: demokracije, vladavine prava, temeljnih prava, transparentnosti i dobrog upravljanja. Cilj mu je izgradnja još demokratskije Europe i podizanje svijesti građana/ki o pravima i vrijednostima sadržanima u temeljnim Ugovorima i Povelji EU o temeljnim pravima, pružajući financijsku podršku neprofitnom sektoru u promociji tih prava i zajedničkih vrijednosti.

U financijskom razdoblju 2021.-2027., predviđeni proračun CERV programa je 1.5 mld. EUR i raspoređuje se na 4 tematske cjeline:

- Vrijednosti Unije (European Values strand) - promicanje temeljnih vrijednosti EU
- Jednakost, prava i rodna ravnopravnost (Equality, Rights and Gender Equality strand) - promicanje jednakosti, prava i ravnopravnosti spolova
- Uključenost i sudjelovanje građana (Citizens engagement and participation strand) - promicanje zajedničke europske povijesti i aktivne građanske participacije - uključivanje građana u demokratski i politički život Unije
- Daphne strand - borba protiv svih oblika nasilja

POZIV	UNION VALUES
KRATKI OPIS:	To protect and promote Union values. In accordance with Article 2 of the Treaty on the European Union, 'the Union is founded on the values of respect for human dignity, freedom democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities. Those values are common to the Member States in a society in which pluralism, non-discrimination, tolerance, justice, solidarity and equality between women and men prevail'. Projects in this area will focus on protecting, promoting and raising awareness on rights by providing financial support to civil society organisations active at local, regional and transnational level in promoting and cultivating these rights, thereby also strengthening the protection and promotion of Union values and the respect for the rule of law and contributing to the construction of a more democratic Union, democratic dialogue, transparency and good governance.

EUROPSKI PARLAMENT

SVRHA PROGRAMA: The European Parliament (EP) hereby adopts a multi-annual work programme for communication grants. The EP may award grants for communication activities on the basis of Article 180(4) of the Financial regulation. For the purpose of the grants programme, the channels of specific engagement are notably the media (including digital players and online platforms), public and private stakeholders – from Civil Society Organisations (including youth and cultural) to Non-Governmental Organisations (NGOs), general interests groups, think tanks, business umbrella organisations, professional associations, trade unions - and citizens. For this purpose, these key stakeholders should be able to access EP funding to implement their communication actions on the role and activities of the EP and ultimately to foster the European democratic process and engagement.

POZIV	EP-COMM-SUBV-2025-MEDIA
KRATKI OPIS:	The objective of the call is to co-finance media actions by news agencies television channels, radio stations, digital media and written press. Digital media includes both digital-only media and digital platforms of other media, including content creators that develop news reports and articles, interviews etc. to be distributed on social media platforms. These media actions should have a two-fold objective: 1. Provide regular, reliable, pluralistic and non-partisan information on the political and legislative work of the European Parliament, including information on the implementation of EU legislation, emphasizing its implications in the European citizen's daily lives. Actions can also include monitoring on the implementation of EU legislation. 2. Contribute to resilience in society against disinformation and information manipulation through awareness raising, fact-checking and media literacy.

ERASMUS+

Erasmus+ is the EU's programme to support education, training, youth and sport in Europe. It has an estimated budget of €26.2 billion. The 2021-2027 programme places a strong focus on social inclusion, the green and digital transitions, and promoting young people's participation in democratic life. It supports priorities and activities set out in the European Education Area, Digital Education Action Plan and the European Skills Agenda.

POZIV	ERASMUS+ FORWARD-LOOKING PROJECTS
KRATKI OPIS:	Erasmus+ Forward-Looking Projects usmjeren je na unapređenje obrazovanja i osposobljavanja u Europi kroz inovativne projekte, poticanje inovativnih pristupa u obrazovanju, podršku digitalnoj transformaciji obrazovnih sustava, promicanje inkluzivnog obrazovanja za sve skupine društva te integraciju održivog razvoja u obrazovne programe. Forward-Looking Projects su veliki projekti koji imaju za cilj identificirati, razviti, testirati i/ili procijeniti inovativne (političke) pristupe koji imaju potencijal postati mainstream, čime se poboljšavaju obrazovni sustavi. Ovi projekti podržavaju ideje koje odgovaraju ključnim europskim prioritetima, poboljšavaju obrazovne sustave te donose inovativne metode i prakse za učenje i aktivno sudjelovanje, osiguravajući društvenu koheziju Europe. Prihvatljivi prijavitelji za ovaj natječaj su škole i sveučilišta, nevladine organizacije, javne ustanove te privatne tvrtke koje djeluju u području obrazovanja. Ukupan proračun za natječaj iznosi 50 milijuna eura, a pojedinačni projekti mogu dobiti financiranje u iznosu od 100.000 do 500.000 eura, ovisno o opsegu i ciljevima projekta.
ROK PRIJAVE:	Svake godine 2. kvartal

POZIV	ERASMUS MUNDUS JOINT MASTERS
KRATKI OPIS:	Erasmus Mundus Joint Masters are high-level and integrated study programmes, at master level. They are designed and delivered by an international partnership of higher education institutions. An EMJM involves at least three HEIs from three different countries, of which at least two must be EU Member States and third countries associated to the Programme (previously called Programme Countries). Additionally, an EMJM study programme may involve other educational and/or non-educational partners with specific expertise and interest in the area of study. The EU provides funding for both running these programmes and offering competitive scholarships to the best students worldwide.

	Duration: 6 academic years, covering at least 4 editions of the masters programme Grant per project: up to €5 million. EU scholarship for individuals: €1,400 per month (max. 24 months)
ROK PRIJAVE:	Svake godine 1. kvartal
KLJUČNE RIJEČI:	EMJM, high-level, integrated study programmes, master level, international partnership, higher education institutions

POZIV	ERASMUS MUNDUS DESIGN MEASURES
KRATKI OPIS:	Erasmus Mundus Design Measures have been introduced in 2021. They support the design of high-level and integrated study programmes, at master level. Joint programmes are designed and delivered by an international partnership of HEIs. Additionally, they may involve other educational and/or non-educational partners with specific expertise and interest in the area of study. Erasmus Mundus Design Measures encourage HEIs to develop new, innovative and highly integrated master programmes by facilitating the setup of such international partnerships. EMDM aim to involve EU Member States and third countries associated to the Programme (previously called Programme countries), institutions, and/or thematic areas that are somehow under-represented in Erasmus Mundus. Erasmus Mundus Design Measures and Erasmus Mundus Joint Masters (EMJM) represent two independent lots under the Erasmus Mundus action. There is no obligation to implement an EMDM before an EMJM. The award of an EMDM does not imply automatic funding under EMJM, and the completion of an EMDM project is not an award criterion for an EMJM. Duration: 15 months EU grant: €60 000 lump sum

POZIV	E+ ALLIANCES FOR INNOVATION
KRATKI OPIS:	Alliances for Innovation aim to strengthen Europe's innovation capacity by boosting innovation through cooperation and flow of knowledge among higher education, vocational education and training (both initial and continuous), and the broader socio-economic environment, including research. They also aim to boost the provision of new skills and address skills mismatches by designing and creating new curricula for higher education (HE) and vocational education and training (VET), supporting the development of a sense of initiative and entrepreneurial mind-sets in the EU. These partnerships shall implement a coherent and comprehensive set of sectoral or cross-sectoral activities, which should be adaptable to future knowledge developments across the EU. The objectives of Alliances for Innovation can be achieved by applying to one or both of the following Lots (an organisation can be involved in several proposals): Lot 1: Alliances for Education and Enterprises

	Lot 2: Alliances for Sectoral Cooperation on Skills (implementing the 'Blueprint') Alliances for Education and Enterprises must cover at least 4 EU Member States or third countries associated to the Programme, involving a minimum of 8 applicants (beneficiaries, not affiliated entities). The consortium must include at least 3 labour market actors (enterprises or companies, or representative intermediary organisations, such as chambers, trade unions or trade associations) and at least 3 education and training providers (VET and HEIs), as applicants (beneficiaries, not affiliated entities). There should be at least one HE institution and one VET provider involved as applicants (beneficiaries, not affiliated entities) in each proposal.

POZIV	E+ CAPACITY BUILDING IN THE FIELD OF YOUTH
KRATKI OPIS:	Capacity-building in the field of youth projects are international cooperation projects based on multilateral partnerships between organisations active in the field of youth in the EU and countries associated to the Programme, on the one hand, and in third countries not associated to the Programme, on the other hand. For the latter, this action targets exclusively countries in Region 1 (Western Balkans), Region 2 (Eastern Partnership), Region 3 (Southern Mediterranean) and Region 9 (Sub-Saharan Africa). Projects aim at supporting international cooperation in the field of youth and non-formal learning, as a driver of sustainable socio-economic development and well-being among youth organisations and young people. The action targets organisations active in the field of youth and aims at: • raising the capacity of organisations working with young people outside formal learning; • promoting non-formal learning activities in the eligible third countries not associated to the Programme, especially in organisations that target young people with fewer opportunities, and foster the participation of young people in all their diversity, with a view to improving their level of competences and opportunities to act, thus enabling them to ensure the active participation of young people in society; • supporting the development of youth work in the eligible third countries not associated to the Programme, improving its quality and recognition; • fostering the development, testing and launching of schemes and programmes allowing organisations to enhance non-formal learning mobility in the eligible third countries not associated to the Programme; • supporting organisations in the eligible third countries not associated to the Programme to contribute to the implementation of the EU Youth Strategy (2019-2027) including the 11 European Youth Goals; the European Youth Work Agenda; the Youth Action Plan in the EU External Action (2022-2027), including the Africa-Europe Youth Academy; and to the follow-up of the European Year of Skills launched in 2023; • fostering cooperation through joint initiatives between youth organisations of, on the one hand, EU Member States and third countries associated to the programme, and, on the other hand, third countries not associated to the programme in the different regions of the world eligible for this action;

	• fostering participation of smaller organisations, as well as organisations from remote areas and smaller localities • enhancing synergies and complementarities of youth organisations working with young people outside formal learning with formal education systems and/or the labour market. Proposals should focus on supporting youth organisations working with young people outside formal learning in one or more of the following thematic areas: • political participation, civic engagement and dialogue with decision-makers; • inclusion of young people with fewer opportunities; • democracy, rule of law and values, youth leadership; • empowerment / engagement / employability of young people; • peace and post-conflict reconciliation; • environment and climate; • anti-discrimination and gender equality; • digital and entrepreneurial skills. Proposals must be submitted by a consortium of at least 4 applicants (beneficiaries, not affiliated entities), which complies with the following conditions: • minimum 1 legal entity from an EU Member State or third country associated to the Programme; • minimum 2 legal entities from 2 different eligible third countries not associated to the Programme. o Organisations from different eligible regions cannot participate in the same projects. Cross-regional projects are not eligible. Affiliated entities and associated partners do not count for the consortium composition.

POZIV	JEAN MONNET MODULES
KRATKI OPIS:	Jean Monnet Actions in the field of Higher Education support teaching and research in the field of European Union studies worldwide. European Union studies refer to the teaching, learning and research about the European Union, its history, aims, structures, functions and/or its policies. By focussing on the European Union dimension, Jean Monnet activities should promote active European citizenship and the foundational values of the European Union: respect for human dignity, freedom, democracy, equality, the rule of law and respect for human rights, including the rights of persons belonging to minorities (Article 2 of the Treaty on European Union). In the case of European Union policies, Jean Monnet actions must contribute to spreading knowledge about how these policies can benefit the daily lives of citizens in the EU and/or abroad, and/or how these can influence the policy-making systems in similar fields, either at the Member State level or abroad at a national, regional or global level. A very clear link between the subject of the proposal and the EU policy and/or EU topic that it refers to should be displayed. Duration: 3 years, with a minimum of 40 teaching hours per academic year. Maximum grant: €35,000
ROK PRIJAVE:	Svake godine 1. kvartal
KLJUČNE RIJEČI:	JMO, higher education, EU studies, European citizenship, foundational values, spreading knowledge

CREATIVE EUROPE

SVRHA PROGRAMA:

The Creative Europe programme is divided into 2 strands, Culture and MEDIA, and is supported by a cross-sectoral strand.

- **CULTURE STRAND:** Initiatives promoting and enhancing artistic and cultural cooperation at European level.

The Culture strand of the Creative Europe programme supports a wide range of cultural and creative sectors including among others: architecture, cultural heritage, design, literature and publishing, music, performing arts. The Culture strand encourages cooperation and exchanges among cultural organisations and artists within Europe and beyond. Creative Europe aims to foster artistic creation and innovation, support the promotion and the distribution of European content across Europe and beyond, help artists find creation and performance opportunities across borders and stimulate the digital and environmental transition of the European Culture and Creative Sectors

- **MEDIA STRAND:** Actions encouraging the competitiveness, innovation and sustainability of the European audiovisual sector.

The MEDIA strand of the Creative Europe programme supports the European film and audiovisual industries to develop, distribute and promote European works, taking into account today's digital environment. In addition it encourages cooperation across the value chain of the audiovisual industry and at EU level in order to scale up enterprises and European content globally, nurtures talents – wherever they come from – and facilitates knowledge-sharing, supports innovative solutions to meet the market demands and trends, engages with audiences of all ages, especially the younger generations.

- **CROSS-SECTORAL strand:** Initiatives promoting innovative actions and collaboration across the audiovisual and cultural sectors.

The purpose of the Cross-sectoral strand is to reinforce collaboration between different cultural and creative sectors (CCS) in order to help them address the common challenges they face and find innovative solutions. These are its main priorities: to support cross sectoral transnational policy cooperation, promoting the visibility of the programme and support the transferability of results, to encourage innovative approaches to content creation, access, distribution, and promotion across CCS and with other sectors, to support adjustments to the structural and technological changes faced by the news media and to support the establishment and activities of the Creative Europe Desks.

POZIV	CREA-CROSS-INNOVLAB
KRATKI OPIS:	The InnovLab support shall support the design, development and/or spread of innovative tools, models or solutions applicable in the audiovisual and other cultural and creative sectors. Activities shall aim at supporting the competitiveness, greening process, cooperation, circulation, visibility, availability, diversity and/or audience across sectors. Such activities shall contain a high potential of replicability in audiovisual and other cultural and creative sectors. Cross-sectoral cooperation within the creative and/or cultural sectors, including the audiovisual sector is at the heart of the Call. Therefore, applications must clearly demonstrate the extent of the cross-sectoral approach, the conditions for its implementation and the expected benefits for the sectors covered. Applications should present adequate strategies to ensure more sustainable and more environmentally-respectful industry and to ensure gender balance, inclusion, diversity and representativeness. A wide spectrum of organisations will be invited to participate, including private and public entities, tech companies and start-ups, audiovisual, cultural and creative organisations. The participation of business incubators and accelerators shall be encouraged, to provide space and time for creative ideas to be shaped.

POZIV	CREA-CROSS-2025-MFP (Media Freedom Rapid Response Mechanism)
KRATKI OPIS:	The European Democracy Action Plan stresses that physical and online threats and attacks on journalists are on the rise in several Member States and proposes sustainable funding for projects with a focus on legal and practical assistance to journalists in the EU and elsewhere, including safety and cybersecurity training for journalists and diplomatic support. The Commission's annual Rule of Law Report refers to physical and online threats and attacks on journalists as a persistent issue across Europe. In September 2021 the Commission adopted a Recommendation on ensuring the protection, safety and empowerment of journalists and other media professionals in the European Union. This action is expected to provide practical help to protect journalists under threat, including concrete tools such as advice and legal support as well as offering shelter and logistical assistance thereby enabling the targeted journalists to continue pursuing their professional activities. This can include financial support when needed. The project will also organise visits to affected countries. Anti-impunity action shall be supported through advocacy. The tools used will be adjusted to accommodate individual needs on a case-by-case basis.

POZIV	CREA-CROSS-JOURPART-COLLABORATIONS
KRATKI OPIS:	The European news media sectors play a crucial and valuable role in Europe. Yet, they are facing multiple challenges. Partially as a result of the digital shift, with readers shifting to online sources and traditional news outlets losing advertising revenues, the economic sustainability of professional journalism has come under pressure. Many media at the local level as well as those putting their public interest mission before profits, have had to close down, weakening media pluralism and posing risks for the good functioning of democracy. Topic 1. "Journalism Partnerships - Collaborations" aims to support the economical sustainability of news media. It supports cross-border media collaborations focusing, among other aspects, on the resilience of news media organisations. This support shall foster media transformation, trustworthy reporting and skills for news media professionals, for instance by developing new business models and media production standards.
ROK PRIJAVE:	1. kvartal 2026

POZIV	CREA-CROSS-JOURPART-PLURALISM
KRATKI OPIS:	Besides a purely economic aspect, independent media contribute to upholding the essential principles of media freedom and pluralism. This topic seeks to protect news media sectors of special relevance to democracy and civic participation, such as local and regional media, community media, investigative journalism and organisations delivering public interest news. Support will target organisations with experience in media to put in cascading grants (i.e. regranting / support to third parties).

EUROPEAN COOPERATION IN SCIENCE AND TECHNOLOGY - COST

SVRHA PROGRAMA: COST Actions su interdisciplinarne istraživačke mreže koje objedinjuju istraživače i inovatore s ciljem istraživanja teme koje odaberu na rok od 4 godine. COST akcije tipično su sastavljene od akademskih istraživača, malih i srednjih poduzeća, javnih institucija i drugih relevantnih organizacija i zainteresiranih strana. Otvorene su svim znanstvenim poljima, uključujući i nova, tek nastajuća, pa svojim inkluzivnim, paneuropskim okruženjem pridonose rastu profesionalnih istraživačkih mreža i unaprjeđivanju njihovih karijera.

POZIV	Open Call for Proposals
KRATKI OPIS:	European Cooperation in Science and Technology (COST) creates open spaces where people and ideas can grow. COST funds interdisciplinary research networks called COST Actions. These Actions bring together researchers, innovators and other professionals including industry specialists, who are based in Europe and beyond, to collaborate on research topics for a period of 4 years. The funding a COST Action receives covers the expenses of networking activities rather than research. As such is used to organise and fund events, Short-term Scientific Missions, Training Schools, communication activities, grants to attend interesting international conferences, and virtual networking tools. An estimated €125,000 is made available for a COST Action in its first year and €150,000 per year for the other three (variable depending on the number of COST Countries represented in the Working Groups).
ROK PRIJAVE:	kontinuirano
